By direction of the President, the following communication was read by the Secretary:

Hon. John E. Mathews, Jr. President Florida State Senate Tallahassee, Florida June 2, 1970

Dear Jack:

There have been few occasions in my life when I have been so pleased and so deeply moved as I was yesterday at the Joint Session of the Senate and the House when I was honored in such an unforgettable manner, particularly by being named Florida's "Most Distinguished Son" in the truly wonderful Senate Concurrent Resolution No. 1560. I note that the resolution was offered by yourself and all other members of the Senate and since I cannot write to every Senator today, and the Legislature will probably be adjourning at the end of the week,

I ask that you be kind enough to express for me my deep and heartfelt gratitude to each and every member of the Florida State Senate for this kind thing which they have done for me and my family.

The resolution, itself, is most remarkable and, of course, overgenerous, but the fact that it was offered by every Senator and was, as I understand, unanimously adopted, makes it an even more important milestone for me. Mary, who was deeply moved by the whole proceeding, joins me in expressing through you our deep gratitude to every Senator for his participation in this unprecedented action. We hope for you and each of the others the fullest measure of success and satisfaction in the performance of your high responsibilities.

Thanking you again most warmly and with every good wish, I remain

Yours devotedly, SPESSARD L. HOLLAND

On motion by Senator Stone, the rules were waived and the Senate reverted to—

HCR 5038—A House Concurrent Resolution creating a joint committee to study the possibilities of establishing a regional organization in the South Florida area and to file a report on its findings with the legislature not later than March 1, 1972.

Whereas, the state of Florida has a positive interest in the orderly growth and development of its urban areas. This interest involves an obligation to insure that adequate governmental mechanisms are available to these areas to provide for their general planning and development as well as the conservation of their physical and environmental resources; and

Whereas, the South Florida area, with its large number and variety of governmental jurisdictions; its varying levels and degrees of planning and activity, encompassing, but not restricted to, water supply, sewage and solid waste disposal, water and air pollution control, transportation, including rapid transit, bridges, highways, ports and airports, parks and open space; its unique geography and climatic conditions and rapid rate of population growth and urbanization, presents numerous problems of regional significance and impact which are different from those found in the remainder of the state; and

Whereas, it is hereby found and declared that there is as yet no governmental body or bodies capable of permanently and effectively dealing on a regional basis with the regional problems facing the South Florida area, and that there is a need to coordinate the steps being taken by municipalities, counties, authorities and districts of the South Florida area to avoid duplication of effort and make possible the public understanding of regional problems, and to make better use of the region's resources and potential; Now, Therefore,

Be It Resolved by the House of Representatives of the State of Florida, the Senate concurring:

Section 1. The joint committee on South Florida area regional organization is hereby created and authorized to study the possibilities of regional organization in the South Florida area in order to assure the effective and orderly planning, growth and development of this metropolitan area together with the conservation of its physical and environmental resources. For the purposes of this resolution, the South Florida area includes the areas lying within the boundaries of the counties of Broward, Collier, Dade, Monroe and Palm Beach.

In carrying out its duties, the joint committee shall hold at least one (1) public hearing within each of the South Florida area counties in order to solicit the views and recommendations

of all interested parties, including those of municipalities, counties, authorities and special districts and other public agencies, and those of private organizations and individuals.

Section 2. The joint committee shall consist of five (5) Representatives to be appointed by the Speaker of the House of Representatives and five (5) Senators to be appointed by the President of the Senate.

Section 3. The joint committee shall hold public hearings and conduct investigations and studies covering at least the following topics:

- (1) The need, desirability, and feasibility of creating some form of regional government to perform functions of a regional nature in the South Florida area.
- (2) The proper scope of a regional government for the South Florida area. Which of the following functions should be handled wholly or partially on a regional basis:
 - (a) regional planning,
 - (b) air and water pollution,
 - (c) solid waste disposal,
 - (d) beach erosion control,
 - (e) regional parks and open space, and
- (f) transportation (including rapid transit, ports, airports and bridges).
- (3) Powers which would be required for a regional government to carry out the functions to be assigned to it.
- (4) Finances which would be necessary to support the activities of a regional government and the sources of financing which are available.
- (5) The size and method of selecting members of the legislative body or bodies of the regional government.
- (6) Methods available for including existing regional and subregional multicounty districts, where appropriate, within a new regional government.
- (7) The appropriate definition of the "South Florida area" for the purpose of regional government.
 - (8) The socioeconomic effects of regional government.

The joint committee shall not be limited to these topics, but shall hear, investigate and study all questions which they consider appropriate to their basic subject. In so doing the joint committee shall utilize the efforts of such other individuals, groups or organizations as may be appropriate to the purposes of the committee.

Section 4. The joint committee shall have the following powers:

- (1) To meet at such times and places as it may deem proper.
- (2) To employ such professional, secretarial and clerical staff, together with such special assistants and consultants as may be necessary.
- (3) To contract with such other agencies, public or private, as it deems necessary, for the rendition of such services, facilities, studies and reports to the joint committee as will best assist it to carry out its duties and responsibilities.
- (4) To cooperate with and to secure the cooperation of county, municipal, regional, multicounty and other local agencies in investigating any matter within the scope of its duties and responsibilities.
- (5) To cooperate with any federal, state or local agency, public and private, which is engaged in making studies of government in the South Florida area.
- (6) To do any and all other things necessary or convenient to enable it fully and adequately to perform its duties and to exercise the powers expressly granted it.

Section 5. It is the intention of the legislature that the joint committee on South Florida regional organization should perform all major research and factual investigations on all aspects of regional government, and should have the primary role in recommending to the legislature means of combining or coordinating the various regional activities. The counties, municipalities, authorities or districts in the South Florida area shall each furnish to the joint committee at such time as the joint committee may request statements of the issues, problems, areas of necessary research and investigation, and any information or conclusions reached to date and shall continue to furnish to the joint committee all information and conclusions reached on questions of regional governmental organization and shall cooperate fully with the work of the joint committee.

Section 6. The joint committee and its members shall have and exercise all the rights, duties and powers conferred upon standing committees and their members by the provisions of section 11.143, Florida Statutes.

WHEREAS, the mass exodus of the Cuban people opposed to the tyranny of the regime in power in their homeland has attracted to the State of Florida many people of varied and valuable learning, talents, and education, particularly, doctors, lawyers, and other professionals, and

WHEREAS, many social problems these professional people have faced in being assimilated into the mainstream of American society have resulted in the talents of these people not being utilized to the fullest, and
